

UNITED STATES YOUTH CRICKET ASSOCIATION

WWW.USYCA.ORG

Dear USYCA Friends and Well Wishers,

I am excited to share our first quarterly report. Our new team took office in May 2016. The new board is inspired and committed to take USYCA forward.

I would like to Thank Jamie Harrison, the outgoing USYCA President, for working closely with me on transition.

I would also like to Thank Mike Thomas, the USYCA Treasurer, on smoothly transitioning and guiding the treasurer responsibilities to Ashok Dubey, the new USYCA Treasurer.

USYCA has, over last 6 years, distributed about 2500 Cricket Sets to Schools and community groups. USYCA has been instrumental in spreading awareness about the game at grass root level.

USYCA has given USA Youth Cricket a hope and a vision for a bright future, and the new USYCA Executive Team is committed to continue taking positive steps In that direction.

We are looking forward for your support and partnership. Your ideas and opinions are important to us. Please do not hesitate to contact me if you have any questions or comments.

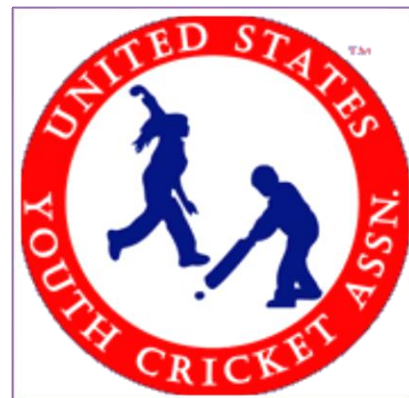

USYCA intends to unite all youth cricket in USA. The boat can only move forward if we all row it in same directions. Let's work together and make USA Cricket Community stronger and better.

Sincere Regards,

Ranjeet Singh

President

Rajeshwari Dholakia Antani

Pranay Shah

Cricket in Schools

Growing Cricket in Schools remain the Primary Focus of USYCA. We have 6 USYCA Regional Leaders who are working on growing sport in their respective communities. We need Hundreds of such leaders, working in their respective states and communities.

The New Executive Team

The USYCA Board meetings are held once a month. We are proud to have some of the best and committed youth cricket leaders in the country, working together for grass root youth cricket development.

The Board is in full support of ICC Americas Development initiatives in the USA, and wants to supplement their efforts in every possible way.

Providing Free Cricket Sets was one of the easiest ways to get connected with schools. With no more cricket sets left to give to schools, USYCA continues to guide and support the schools to start new cricket programs at their premises.

We are working on initiatives to raise funds so we can continue to provide free cricket sets to schools.

Growing Cricket in the USA cannot be one person's job. We need as many people to join this movement as possible. USYCA has taken the direction of creating local chapters, with local leaders who would make their own team to grow cricket in their respective communities.

So far, Rajeshwari Antani in Texas, Nick Dressler and Christina Tucker in Missouri, Anu Babbar in Maryland & Petal Samuels in Georgia are leading the respective chapters. In coming months you can expect to see more USYCA Local Chapters coming up with local leaders who sincerely want to help cricket grow in their communities.

USYCA Website will have a separate section on Schools, and you can start seeing more stories of cricket growth and development in each region.

USYCA Web Site

In the world of technology, the website has a very strong place for communication and community support. In coming few months we would be launching a new USYCA Website. NYCL Co Founder, ACF Executive and past USYCA Board Member, Ms. Priya Singh has offered her expertise in designing a more dynamic web front for USYCA and build a more effective web portal to connect with the American Cricket Community.

The website will have all the information that a new club would need, in as simplified format as possible.

USYCA Youth Cricket

Cricket at Block Parties

Cricket at Community Events

National Youth Championships

We will also have database of schools, clubs, coaches and youth players across United States who are part of Cricket community.

The website will also have training Videos, Coaching Tips and other important resources to develop and train young cricketers.

In addition, all youth cricket activities by various members and affiliates of USYCA will be listed here. USYCA wants to partner and collaborate with every youth group in country that wants to work together with a common goal of growing the number of kids playing cricket in United States.

Meet the New USYCA Members (Jun – Jul 2016)

Queens United Cricket Academy, New York

Austin Youth Cricket, Texas

Missouri Premier Cricket League, Missouri

USYCA Supported Events:

USYCA partnered with NYCL in hosting of National Youth Championship – 2016 in Minneapolis in July. The event was sponsored by SG Cricket, New Inning Foundation, DreamCricket and more.

USYCA also partnered with QUCA in offering a High Performance Camp with Peter Wellings in New York Region.

USYCA Executives volunteered at various USA Cricket Combines conducted by ICC Americas as Coaches.

USYCA – What else can you expect?

The other areas that USYCA will be working on near future are.

- Building Membership – At least one new member per month
- Building Leadership – Connect and unite with more Youth Cricket Leagues and Leaders across United States.
- More Youth Cricket Events.
